

## code breaker

## A Pulse Racing Experience

### OVERVIEW

Your team's productivity will be tested to the Max. Communication, decision making and interpersonal skills will be essential as the team will have to think laterally and creatively to achieve their goal. A cryptic clue unites the team, but can the teams unite to decipher the code correctly?

### OBJECTIVE

Teams will use all their skills to decipher a number of clues and complete a set of challenges to crack the code. Ultimately the group must unite to find the solution.

### BENEFITS FOR YOUR TEAM

Communication and decision making in and between teams is essential to cracking the code. Interpersonal and relationship building skills will be enhanced through negotiation and interaction. Teams will be motivated to think laterally and achieve the common goal.

“BlueSky built and conducted a series of team ‘games’ which were extremely well thought out and provided a good mix of intellectual and physical challenges as well as fun”
